We beg to announce that OLD-TIME NEW ENGLAND has on file a carefully compiled catalogue of all articles published since the founding of the bulletin. These are cross-indexed according to Subject as well as Author, and comprise about 1900 titles. This catalogue is the work of the Society's friend of long standing, Miss Elizabeth V. Morrison.

The articles, to which the file refers, are illustrated, and include a varied wealth of material both historical, and concerning antiquities. Old copies of the issues containing these subjects are generally available for sale at single copy prices.

The New England Museum, connected with our Headquarters, contains many special collections, including the famous Stebbins Collection of Maritime Photographs, a Shaker collection of utensils and furniture, a notable group of dollhouses, dolls, toys, and games, the Waring Collection of early stencils, a large collection of stereoscopic views filed geographically and instructive in the costumes, interiors, and manners of their day; and many other special collections too numerous to name. This material offers detailed information of value to teachers, collectors, antiquarians, illustrators, and authors.

Members of the Society will please be reminded that they are invited to make use of our Museum; Catalogue, and Files; and to non-members, it is suggested that the Associate Membership fee of $3.00 per annum will entitle them to enjoy these opportunities for research.

Inquiries concerning the above may be addressed to Miss E. Florence Addison (who is in charge of research and study), at The New England Museum, The Harrison Gray Otis House, 141 Cambridge Street, Boston 14, Massachusetts.
